

## WHAT ARE THE SHIPPING OPTIONS?

The Airborn Foiler has been designed with ease of transport in mind, including on trailer for you, and also by road transport and container shipping for delivery.

From our website, you can choose either:

**1/ Individual collection** directly from our facilities in France

**2/ Delivery by us across Europe**, by truck

**3/ International shipping in standard 40ft containers** for the rest of the world

You can find all pricing and practical information in the following pages and on our website.

## 1/ DIRECT COLLECTION FROM OUR FACILITIES IN FRANCE (FREE)

For the fastest and most cost effective delivery you can pick up your boat directly from our facilities near Nice. We will contact you with several proposed collection dates soon after ordering.

We recommend hiring a car transporter trailer, or alternatively for a simpler solution not requiring a tow ball a 20 cubic meter van with an available length of 4 m or more which can usually be driven with a standard driving license in Europe (€80–150/day). Driving license regulations vary by country, please check before proceeding.

Boats will be lifted manually and lashed to the van or trailer for transport.

For those who expect to travel with their boats often, a road trailer is also available.

**Our address: Port Royal de la Darse, Villefranche-sur-mer 06230.**

## 2/ EUROPEAN DELIVERY TO YOUR DOOR (FROM 485 EUROS)

We offer cost effective organized group deliveries across Europe by truck. Each order will be treated in sequence and shipped by group of 4 to 10 boats. You will be informed by email of the details of delivery 2 weeks before delivery.

## BOAT ARRANGEMENT FOR DELIVERY

Packaging of the Airborn Foiler is optimized for van and container delivery. The Airborn Foiler will be delivered to you hull on trolley, mast, boom and sail secured under the boat to the side with a box containing all loose equipment and foils in the cockpit. Illustrated rigging instructions and owner's manual are provided with the boat.

The top cover is on and strapped to the hull. For container shipping, a compact arrangement in a disposable wooden box is used, the cost of which is accounted for in the prices listed above.

The document and its content are presented in good faith for general display purposes and not contractual. Details are provisional and may be amended. Information is subject to errors and omissions. All measurements, capacities, consumption, and speed are approximate. All information is given in good faith but not guaranteed or warranted. We reserve the right to make changes without notice. All images and drawings are illustrative only. Details, terms and pricing can only be confirmed in a written agreement.

## GROUP SHIPPING

Group shipping is also available on request for large quantities with up to 12 boats per container. Contact us at [info@thomastison.com](mailto:info@thomastison.com) for more information.
